FORTY-FIRST YEAR NO. 11.

CEDARVILLE, OHIO, FRIDAY, MARCH 1, 1918

PRICE, \$1.00 A YEAR

## CARBOLIC ACID TAKEN TO END LIFE

William Ervin, aged about 30, attempted to commit suicide early Monday morning by taking carbolic acid. Dr. E. C. Oglesbee was called and administered an antidote that is believed to have saved the man's life.

No reason is assigned for the rash act other than some family differences and these not of a serious nature to justify such an act. Ervin and his wife, formerly Ethel Brown, daughter of Henry Brown, came here about a year ago from Dayton and for a time lived with the uncle, Harry Shull, keeping house for him. Ervin has been employed by the Dayton Brass Works going back and forth each week.

Late reports indicate the man will recover without leaving the worse of his act other than an unusual experience.

## COMMUNITY SERVICE FLAG WILL BE PRESENTED

A community service flag will be presented by the Service Club at the annual dinner and election of officers at the R. D. church this Friday evening. The flag will be accepted by Andrew Jackson in the name of the village and township. The flag is four and one-half feet by eight feet and will probably be displayed in the post office or the opera house.

The speech of the evening will be delivered by Dr. Wishart of the Xenia Seminary. Two tickets have been nominated one headed by Dr. W. R. McClellan and the other by O. E. Bradford.

Word has been received here of the serious illness of Miss Mary Fletcher of Bellefontaine. Miss Fletcher is a sister of Mrs. J. H. Nisbet and her recovery is doubtful.

## COUNTY COURT NEWS.

Judge Kyle announced Monday that he will be in Columbus, Ohio, for two days, beginning March 11, and all cases set for that time would be continued. He will assist in clearing the docket in that county.

The suit of Dave Cooney against F. B. Turner and Mrs. C. C. McMillan, of Columbus, for the enforcement of a sale of land contract was heard before Judge Kyle Monday. The land in question was part of the Alexander farm and Cooney claimed to have a sale contract at \$200 an acre but that the owners had refused to make a deed. No decision is expected before Monday. Mr. J. F. Turner represented the defendants and W. L. Miller and Frank L. Johnson the plaintiffs.

George E. Ormsby, a Cincinnati attorney, has filed suit in the U. S. court seeking to have a suit in the Greene County Probate Court removed to the U. S. Court in Cincinnati. Ormsby claims that Judge Kyle shall of the Probate Court without notice has substituted other administrators of the estate and that the result of this court action if allowed to stand would deprive him of all his legal rights. Judge Holtzner, of the U. S. court, has ordered the docketing of Ormsby's petition.

Raper Wade has been appointed administrator with the will annexed of the estate of Catherine M. Gibson, which is valued at \$3,800.

## FEW MEN ARE NOW FOUND UNFIT FOR DRAFT

The examination of the men not yet called under the draft continues and but few are found that cannot be accepted. Among those from here accepted are George Lee, Francis Paul McFarland, Samuel W. Irwin, Joe Jones, Sherman Jones, Leonard Smith, Charles M. Cooper is the only one disqualified at the last examination. Asa Jones is now at Camp Sherman and with the acceptance of Sherman and Joe, there will be three out of one family.

## WOMAN PLANS EARLY RETURN TO TRENCHES

Two years in the trenches fighting the battle to shoulder with a "Right" man of the pretty Irish woman, Miss Jones, now back in the States on vacation. Being a nurse, she has seen a lot of the world and has a lot of experience. She is a very brave woman and is a very good nurse. She is a very good woman and is a very good nurse.

## HOW LONG CAN A HOG LIVE WITHOUT FOOD

Mr. Charles G. Turnbull, one of the largest hog feeders in this township, reports a true story as to one of his hogs going 27 days without anything to eat other than snow. During the excessive cold weather in early January, Mr. Turnbull noticed one of his stock hogs weighing about 175 pounds leaving the spot where the others were feeding. Thinking that the animal was going for water he gave it no concern.

Olden next day he discovered two of his hogs missing. A search was started and one was found some little distance away where it had become lost in a deep snow drift. The animal was dead, having frozen. Even its tracks had been filled with the drift snow.

No trace could be found of the other missing hog until the weather moderated when the snow settled. One day he discovered the first hog had returned but in a starved condition. Upon investigation he found that the hog had gotten into a snow drift and worked its way under a pile of brush where it remained a prisoner for twenty-seven days. The snow had drifted during the night following the time the hog is supposed to have entered the brush pile making it impossible to get out. The hog had been eaten from a number of the small branches showing that hunger was satisfied the best it could. The hog was protected from the extreme cold and winds by this snowy cage or it would have frozen to death. When found it was so weak it could hardly walk and had lost fully sixty pounds.

We have heard of many freak things being accomplished by autoists, but W. L. Clemans, who gets the credit for many large real estate deals, has an unusual one checked up to him in being able to operate his Oldsmobile without even a gasoline tank. Mr. Clemans was in town last Tuesday night, a week ago, and drove home as usual. Later in the evening he came to town but upon his return home met with trouble that laid him up during the rain storm. He investigated to see if he had run short of gasoline. He was not only minus the gas but the tank also.

Having no idea where it could have been lost he drained the water out of the machine and left it at the side of the road until morning. When the tank was found it showed he had made a round trip between home and town on what gasoline was in his vacuum feed tank, which holds about a quart.

## FORDS TAKE JUMP IN PRICE OVER NIGHT

We are not surprised at anything that happens during war times. Prices are being set on what we have to eat but Uncle Sam is letting the auto manufacturers raise his prices. The price of a new Ford is now \$400. The companies have been limited by the government on the amount of steel they can have this season which means a less number of cars can be made. With the same heavy overhead expenses the companies are forced to increase prices which has been done with all of them. The last was the announcement that Ford's have gone up \$40 each. Even those who had orders in at the old price and no delivery will be compelled to pay the new price. However, you are not compelled to accept the machine at the new price unless you want to.

## SUPPORT HOME INDUSTRY.

The Cedarville Lime Company desires to offer for sale to the citizens of this community, a limited amount of its issue of First Preferred Seven Per Cent. Non-Taxable Stock, at One Hundred Dollars per share, fully paid and non-assessable. The interest to be paid semi-annually, on January first and July first of each year, the rate being seven per cent.

The proceeds of sale of said stock to be used in the business of the company for the purchase of new equipment, such as machinery for the manufacture of pulverized stone and lime for farm fertilizer. A large new Gyratory Stone Crusher has been purchased for the manufacture of crushed rock for use to be used by a large steel furnace company, as well as to be used for road building. Electric motors for power use will be secured, as well as stone drills, steam cars and other necessary equipment.

The company has contracts with the Ohio Fuel Supply Company for natural gas for the burning of lime and desires to be in a position to furnish this product for which there is a large demand, and at much advanced prices; two large modern cement kilns are to be constructed in addition to their four present kilns. The demand for lump lime, pulverized stone and hydrated lime has been far greater than anticipated. The company made and sold about thirty-five hundred tons of lime during the eight months of operation last year.

It is desired that the citizens of this community will boost in this enterprise and will purchase this First Preferred Stock which will place this company in a position to do a much larger business.

Further information in regard to this lime stock can be secured from O. L. Smith or L. F. Tindall, at the Exchange Bank, from Messrs. Hill Brothers and Xerxes Farrar, Cashier of Central National Bank of London.

The best price for your eggs will be paid at Nagley's.

Junior class benefit, Murdock theater, Monday and Tuesday nights.

## PEOPLE ARE MOVING HERE THERE ARE MANY CHANGES IN TOWN AND COUNTRY

March first is with us and we find more than the usual number of changes this spring.

Mr. J. A. Bungeamer will move to London, Striker and Padgett, of Ashland county having purchased his farm.

Wm. Widener goes to the Gram farm near Springfield and William Frazer will occupy the O. L. Smith land.

Paul Butcher moves to a farm near South Solon. J. M. Auld gets the Butcher farm by purchase and Forrest Waddle has rented the Bridgman farm to be vacated by Mr. Auld.

Mr. Clarence Mott rents the "Doc" Jobe farm near Xenia and his father, J. D. Mott, of Manchester, will move to his son's farm.

Howard Turnbull will take his father's farm, while John Stanforth will occupy the Andrew Bros. farm to be vacated by Howard.

Will Clifton takes the Alexander farm purchased by Wm. Cooney, while Joseph McFtee farm, formerly the Anderson farm near Clifton.

Audrey Gordon moved some time ago to the 1250 acre farm belonging to George Little in Fayette county. Wm. Cheney will take his farm on the Yellow Springs road. Cash Gordon moves sometime next week onto the Little farm with his son.

John Stewart leaves the F. B. Turnbull farm and will occupy the Winter's farm just south of town. George Cotton goes with Fred Weimer.

Charles Bradford has moved onto the Wm. Smith farm near Courtsville.

Stewart Townsley has purchased a farm near Morrow and moves there. J. E. Turnbull has purchased the J. W. Dixon home and will occupy it just as soon as he can get his effects packed for shipment to Tulsa, Oklahoma.

Mr. Frank, of Illinois, who purchased the D. S. Ervin residence on Xenia avenue moves the first of the month. Mr. Ervin will take the residence occupied by Prof. F. A. Juckett. Mr. Ervin will remodel the house this summer. Prof. Juckett moves to the winter property occupied by H. B. Little, who gets the Forrest Waddle residence.

A. B. Mann moves to his farm near Springfield while Harvey Bailey and his bride of Xenia take the Haines farm.

Mrs. Bess Milburn Fellows, D. C., left Saturday for an extended stay in New York City, stopping enroute for a few days with Mrs. Florence Pendulum Snyder, formerly of this place. Mr. H. O. Snyder is General Manager of the Germania Life Insurance Co., with offices in Pittsburgh.

I have the agency for the X-Ray Incubator and would be pleased to have prospective buyers consider it. Best of local recommendations.

JOHN W. MOORE.

See Marguerite Clark the famous movie star at the Murdock theater Monday and Tuesday nights in "Out of the Drifts." This show is given by the Junior class of the High school for the benefit of the Y. M. C. A. Admission 20c.

Ask for Ballard's Pancakes and Buckwheat flour at Nagley's.

Mr. Frank Creswell left Tuesday night on a business trip to Pittsburgh.

The new rule on selling flour has put the paper hangers up against it in that corn meal cannot be used for paste. An effort is being made to have paper hangers exempted on such a rule.

Mr. Chester Owens of Xenia was in town Wednesday. Mr. Owens for several years has been connected with the Standard and Columbus oil companies. He states that he has secured a location and will open up an oil station for himself, having two motor trucks for delivery over the county. He expects to handle Pennsylvania gasoline.

In a recent lot of property transfers in the county, twenty-four were from property holders in Osborn and Hall township to the Miami Conservancy District. The total sales according to the transfers amounted to more than \$185,000.

## NEW WEEKLY FEATURES.

The Herald has contracted for a feature syndicate news and picture service that should prove interesting to our family of readers. We are furnished this service in "mat" form and we have installed casting machinery to make the casts from which we print. This is something new and quite an innovation for weekly papers. The features are timely and up-to-date.

## SQUARE DEAL FOR ALL.

Farmers having public sales should make some investigation of the merits of farm sale advertising and not be lured with any free bill attraction. You are getting your bills, hand bills for nothing, but paying, just three times as much for newspaper advertising. The extra or increased rate is to pay for the bills but you are not told that.

A farmer having a big sale laid complaint at this office of how he had been held up in the county seat. The firm wanted nine dollars for the advertising one that advertisement for a farm sale that the price had immediately dropped to \$7.50. One insertion was ordered and the receipted bill shown us.

The old case of something for nothing may appeal to some but investigation will show that you pay for it in the long run. Fair and courteous treatment usually brings reward. Lincoln's idea of fooling the people is true. A few have been fooled. A hint to the wise should be sufficient.

## NEW HOSTESS JOINS WASHINGTON RANKS

Another charming hostess has been added to the ranks at Washington in the arrival of Mrs. August Phillips, wife of the newly appointed minister from Holland. Mrs. Phillips is establishing a home at the national capital.

## DEATH OF MRS. WADDLE.

Mrs. Martha Bell Waddle, wife of Wm. Waddle, died at her home above Clifton, Tuesday morning from a complication of troubles. The deceased was formerly Martha Bell Taylor and was born in Clark county. Her marriage to Mr. Waddle took place August 23, 1870.

The deceased is survived by her husband and eight children: Miss Della, at home; Mrs. Lula Wright, near Clifton; William, Mrs. Mary Anderson, who resides now in Clark county; J. Elmer Waddle, of Jamestown; Harry A. Waddle, of Springfield. A sister, Mrs. D. L. Gram, of Springfield also survives.

The funeral services were conducted from the home Thursday morning, burial taking place at Springfield. Mrs. Waddle was for many years a member of the Clifton U. P. church.

Mr. O. N. Potter, who has been connected with the Medina Sentinel for more than a year, dropped into town Tuesday for a few days visit with friends. Mr. Potter is on his way for a trip through the south and then expects to go to South Dakota for a few weeks.

Mrs. W. B. Stevenson was hostess to the members of the Wednesday Afternoon club this week.

Hawaiian Pineapple, sliced or grated, 20 and 25c per can at Nagley's.

## RUMPERS HOLD MEETING.

They are at it again. The factionalists in the Republican party in this county. Some time ago the rumpers rumped and lost out so another meeting was held last Saturday in Xenia and the rumpers rumped as if they enjoyed it.

The regulars were not invited to the meeting, not even the president nor secretary. The rumpers wanted their own officers which they selected with a few less than a quorum to do business. But what do rumpers care about quorums?

A suit was filed in the Court of Appeals several weeks ago by rump leaders seeking control of the committee. Time drifted on when the regulars were compelled to answer and security of costs was demanded. The rumpers not being strong enough in the faith or weak on finances allowed the case to die. There is talk now of another suit if some open hearted citizen will shell out his coin.

Then Marcus Shoup was in a hospital in Baltimore, reported as a very sick man. The rumpers have never been credited with offering a prayer for his recovery. With Marcus out of the way they had hopes of winning the suit in the Court of Appeals. The unexpected happened. Marcus was restored to health, that's why the rumpers did not invest money in costs to carry the case on. Marcus was to defend the acts of the regulars in court. The rumpers would rather set up all night nursing Old Satan than face Marcus in court.

"There's a Reason," as Mr. Post says. The reason is that most of the rumpers have not clean hands, a charge frequently laid at the door of the regulars. Marcus knows it and the rumpers know he knows it. That's what makes the situation ticklish in court.

The rumpers want control of the board of elections. Time is arriving for this appointment by the secretary of state who makes the appointment on the recommendation of the committee. The rumpers didn't know it but the regular committee made such a recommendation several days before in the person of Horace Zell and it was forwarded to the secretary of state. If the rumpers make a recommendation then comes the test of regularity. This is settled by the state central committee. It would be entirely out of place for us to forecast what the committee will do. It would be unjust as well to embarrass this committee with our guess as to what they will do when the time comes, nevertheless we have our opinion.

"Let 'em rump, who cares." They seem to enjoy it. Rump meetings add spice to county affairs. But are they worth the expense? Let's see. An American flag over his door, lolliped in the sinking of American ships sending down women and children and when faced by a government agent as being unloyal to this country promised to be good? Have the rumpers cast this man from their ranks? If not another rump meeting should be held.

## WIND STORM DOES SOME DAMAGE ABOUT HERE

A very heavy wind storm, estimated at 40 miles, hit this place Monday evening and more or less damage is reported in some sections, particularly south of town. The roof on the old Oak Grove school house on the Jamestown pike was torn completely off. The building is no longer used for school purposes having been converted into a residence. Most of the other damage was small.

## FALLS FROM STRAW RICK; BREAKS SHOULDER BLADE

Mr. Henry Smith, one of the big farmers in this county, residing on what was formerly a part of the G. W. Harper estate on the Federal pike, fell head first from a straw rick last Friday afternoon alighting on the frozen ground on his neck and shoulders. As a result his right collar bone was broken as well as two ribs. He was also badly bruised and for a time he was in a dazed condition. Dr. M. J. Marsh set the broken member and Mr. Smith has been getting along as well as could be expected. Two members of the local Masonic Lodge have been sitting up each night with Mr. Smith.

## FUEL SURVEY PLANNED.

Acting upon instruction received from the state fuel administrator, the Greene county fuel committee will at once begin a survey of the county for the year beginning April 1, 1918. This survey which will be made in every county in the state will indicate the amount of coal that will be needed in Ohio for all purposes during the coming year.

## NEW DRAFT MEN MAY GO SOUTH ANY TIME

According to press reports the last men for the selective army bill go south early in March, the camp selected at this time being at Fort Oglethorpe, Ga. It is expected that 1,500 white men will be taken from Class I for this one camp. There are indications that no more Ohio men will be sent to Camp Sherman. Men from other states will be sent there.

FRIDAY, MARCH 1, 1918

Word has been received here of the marriage of Miss Rachel Tarbox, daughter of Mr. and Mrs. W. J. Tarbox to Elvira Fred Townsley, of Camp Perceid, near San Francisco. The marriage took place Wednesday, February 20, at the U. P. parsonage in that city. Rev. McKnight officiating. Those who witnessed the marriage were: Mr. and Mrs. R. S. Townsley, the parents of the groom, Mrs. John Townsley and a comrade, Mr. Weber of Fred's company. It is not known at this time when Fred leaves for France or when the party will return home.

The March meeting of the Parents-Teachers' Association will be held at the school house Friday, March 8, 1918, at 8 p. m. A large attendance is desired as a special program has been planned. Mrs. Robertson, of Xenia, will give an address on Purity. Special music is also promised.

Mrs. W. H. Barber's Bible class was entertained last night at the home of Mr. and Mrs. J. E. Kyle. The husbands were also invited. The entertainment featured was a mock trial in which Rev. McMichael had failed to make his income tax return. Witnesses were called by the state and defendant. O. A. Dobbin and J. E. Mitchell were the attorneys.

## SUNDAY SCHOOL

Lesson 9.—First Quarter, March 3, 1918.

### THE INTERNATIONAL SERIES

Lesson Text, Mark 4:35-41; 5:15-20—Memory Verse, Mark 5:19—Golden Text, Ps. 123:3—Commentary Prepared by Rev. D. M. Stearns.

The incident of the storm stilled and the healing of the demoniac are found also in Matthew and Luke, and in the same connection. Their taking Christ even as he was, and his falling asleep in the storm, may imply that he was weary in his body, and possibly in mind also. His labor would give him a weary body, and the unbelief and hatred all about him would tend to give him a weary mind. One of the accusations of the prophet against Israel was, "Ye have wearied the Lord with your words." (Mal. 2:17; see also John 4:8.) When he said, "Come unto me, all ye that labor and are heavy laden" (Matt. 11:28) he knew what it meant to have such an experience, for "He was in all points tempted like as we are" and is touched with a feeling of our infirmities (Heb. 4:15). Sometimes the stormy wind is his own, as when he divided the sea by a strong east wind, and sent a great wind to arrest Jonah. (Ex. 14:21; Jonah 1:4); and it is written "He commandeth and raiseth the stormy wind" (Ps. 107:25). Sometimes the strong wind is from the devil, as when he caused the death of Job's children by a strong wind (Job 1:19). But he can make the wrath of men or demons to praise him and cause even a stormy wind to fulfill his word. (Ps. 148:8). In Rev. 7:1, see the angels controlling the winds. It seems to me that this great storm of wind of our lesson (v. 37) must have been from the devil because the Lord rebuked it (v. 39), and he would not rebuke his own wind. Now I would not give the devil too much credit on the line of knowing things beforehand, nor would I make light of his knowledge, but there is a possibility that he knew that if the Lord Jesus crossed over to Gadara he might lose that piece of his work in the form of that demon-possessed man whom no chains could bind, and so fierce that no one could pass by that way. In Matt. 8:28, it is recorded that there were two of them. If he had that knowledge we can understand why he should storm to win it. If possible the boat with the Lord and his disciples. In some respects the devil is an awful fool, and certainly does not know the power of God, and in these days (1917-1918) when the nations are raging, and the people imagining vain things as never before, the Lord has them in confusion, and will yet set his king upon his holy hill of Zion (Ps. 2:14). Even if the Lord had allowed the devil to destroy that boat, he could easily have walked ashore on the water and enabled his disciples to do the same. I like to watch him sleeping so calmly in the midst of the great storm, and there is no storm in which we may not be calm if we have faith in him. (Ps. 27:1-3.) We are too often like the disciples, and afraid that some real evil will befall us, and he often has occasion to say to us, "Why are ye so fearful? How is it that ye have no faith?" "Why are ye troubled, and why do thoughts arise in your hearts?" (v. 40 and Luke 24:38.) How grand to see him quietly awake from sleep and arise and say to wind and sea, "Peace, be still!" and then to see the great storm give place to a great calm (v. 37, 39). As he slept he was truly human, as he stilled the storm he was truly God; so he was and ever is both God and man; and there never can be in our lives or circumstances a storm however great that he cannot with a word, change to a great calm, for he always was, and ever is, the one who smothered the storm a calm (Ps. 107:29). We may still hear him say, "My peace I give unto you," and we can let the peace of God rule in our hearts (John 14:27; Col. 3:15). He alone can still the present strife of nations, and speak peace to them all, and it shall yet be seen that he is the one promised to David to sit on his throne, and of whom David said, "Is this the manner of man, O Lord God?" (2 Sam. 7:19; compare verse 41).

Does it not seem as if some of the nations were as demon-possessed today, as this man, or these men, of Gadara? But our Lord Jesus has the same power as ever, and at the appointed time "Our God shall come, and shall not keep silence" (Ps. 50:5-6). After Israel shall have seen him coming in his glory and shall have received him according to Isa. 25:9; and have come to his right mind, then shall nations run to her because the Lord God, the holy one of Israel shall have glorified her (Isa. 55:5; compare Mark 5:7). According to Matt. 8:29, the demons said, "Art thou come hither to torment us before the time?" for they seemed to know that torment awaits them in due time (Rev. 20:10). This same Jesus is daily delivering those whom Satan has bound with chains of sin, and there is no case too hard for him; and he is saying to all who have such afflicted ones, "Bring them to me." "Have faith and doubt not." The property of the Gadarenes had been touched, and they had sought Jesus to depart from them (8:27); and it is so still when the gospel conflicts with business; and we are moving on to the time when the devil will control all buying and selling. (Rev. 18:16, 17).

We are now prepared to smoke meat and farmers having their meat ready should bring it in.

O. C. WEIMER.

## Ramsey-Gardiner

An exceptionally pretty wedding occurred at the spacious farm home of Mr. and Mrs. David Gardiner, three miles north-west of Idaville, Wednesday evening when their only daughter, Hazel Dell Gardiner, became the bride of Mr. Paul L. Ramsey, of Cedarville, Ohio. The home was handsomely decorated with white roses and ferns. The color scheme throughout the house was pink and white and the arrangement altogether clever.

At precisely 8 o'clock p. m. the sixty or more guests assembled in the appointed place during the playing of an organ prelude by Miss Ruth Friday who also played the wedding march following a vocal solo by Miss Esther Gillespie. Leading the procession came little Miss Agnes Gardiner, bearing the ring concealed in a large calla lily. Accompanying her was her sister, little Ardis Gardiner, (both being nieces of the bride) who acted as flower girl. Miss Ruth Ramsey, sister of the groom and Miss Edna Stormont both of Cedarville, were the maids of honor, and Miss Jennie McCall, of Burnettsville, acted as bridesmaid. The ringbearer, flower girl, maids of honor and bridesmaids were gowned in pink and carried pink flowers. The bride was exquisitely gowned in white satin, trimmed with gold braid and carried a large bouquet of beautiful white roses and nymphaea. The groom was garbed in the conventional black and was attended by his friend, Mr. Alexander McCampbell, of Cedarville. When all were in their places, Rev. Robert Davidson, pastor of the Idaville United Presbyterian church, pronounced the words that made the happy couple man and wife.

Following the ceremony, the bridal party and guests retired to the dining room where a sumptuous three course supper was served. The dining room was tastefully decorated with flowers and white and pink ribbons and the bride's table with white roses and ferns.

The bride is a popular and accomplished young lady, a talented musician and a graduate of the college at Cedarville, Ohio. The groom is the son of Mr. and Mrs. Nathan Ramsey, prosperous farmers of Cedarville, and is popular in the community where he resides. The happy couple were the recipients of many handsome and useful gifts, among which were checks for \$150 presented to them by their respective parents. They will make their home in Cedarville, Ohio, and will leave next Monday for that city.

## FRED BIRD WILL BE STATIONED IN WASHINGTON

Mr. Fred Bird spent the week end at home for the purpose of completing arrangements with the Local Draft Board for immediate induction into the army. Fred has been connected with Carnegie Institute of Technology in Pittsburgh in the capacity of research assistant for the department of Applied Psychology and the Bureau of Salesmanship Research, in this connection making a scientific study of the sales training courses of several large manufacturing and distributing firms whose educational work he has visited and observed.

Mr. Bird has been accepted for army services at the request of Major R. M. Yerkes and will be stationed in the Psychological Division of the Medical Department. For the present he will be located in Washington in the office of Mayor Yerkes, director of psychological testing of army men.

This appointment will afford Fred opportunity to use his professional training in psychology and statistical methods in the services he will render Uncle Sam as one of his selectives.

## FLOUR MILLS CLOSE DOWN

Under a ruling of the food administration flour mills can only grind within seventy five per cent of wheat for flour as was ground last year. We notice a number of mills have already closed down having reached the seventy-five per cent. Such mills can operate for the grinding of all grains except wheat.

## ONE MAIL ABOLISHED

The post office has been notified that train 1272 going east will no longer carry mail, the order to go into effect the first of the month. This train is due here about 10:30 a. m. and has carried mail for years.

### LOCAL AND PERSONAL

Hot water bottles at Ridgways.

Miss Anna Bradfute is the guest of relatives near Tippicanoe City. Messrs. O. E. Bradfute and A. G.

Collins and their wives spent Thursday at Camp Sherman, where they visited Sergeant John Collins and Private David Bradfute.

Among other good coffees we have a fresh shipment of Red Bird at Nagley's.

Private Wm. Kennon of Camp Sherman was in town Sabbath for a short visit with relatives.

Dr. J. O. Stewart was in Cincinnati the first of the week on a business trip.

London Ohio Home flour at Nagley's.

FOR SALE—Pure Bred Duroc Jersey Boar. G. E. Jobe.

Dr. Issa Tanannori, representing sheep breeders in Japan, visited the various farms in this county Saturday where fine sheep are raised. The Dr. pronounced the flocks in this county the finest he had yet seen. He is purchasing breeding stock for sheep raisers in his country.

FOR RENT or SALE—The Martin Barber Homestead, 10 rooms and bath on Xenia Ave. G. H. SMITH.

Mr. and Mrs. Enos Hill entertained at the Clark's Run Social Club last Friday evening.

Miss Dorothy Collins, who teaches in the Monroe, Ohio, high school, spent the week-end with her parents, Mr. and Mrs. A. G. Collins.

Hot water bottles, all prices at Ridgways.

The local high school basket ball team took honors over the Yellow Springs teams on the local floor, Friday evening.

Miss Ellen Tarbox entertained the college students at her home Thursday evening. Games were provided for amusement and an elegant two course supper served.

The High School students enjoyed an elaborate spread at the gymnasium last Thursday evening.

Mr. Collins Williamson, drove through to Morrow, Monday, where he purchased a quantity of seed corn. Mr. Williamson stated that at one time there were nine automobiles from Green county on one farm, all after seed corn. The corn is said to be above ninety per cent. He states that the wheat outlook from James-town, through Wilmington, Clarksbury on to Morrow, is much better than in this section.

An extra line of hot water bottles at Ridgways.

FOR SALE—Carriage, buggy and sleigh. Chas. Turner

Mr. D. H. McMillan is in a critical condition.

Mr. and Mrs. Cameron Bickett report the birth of a daughter.

All persons knowing themselves indebted to me will please call and make settlement.

DR. J. W. DIXON.

First 'twas hat and muf to watch but now comes the circle skirt and cute coatee, the former to match the hat. The circle sport skirt of light blue and white polka-dots is extremely attractive when worn with the coatee of black velvet and topped with collar and cuffs of white angora.

The Junior Class of the High school will give a picture show benefit at the Murdock theater, Monday and Tuesday nights. The proceeds to go to the Y. M. C. A. subscription fund.

The Kadantra Club entertained their husbands Friday evening at the home of Mr. and Mrs. O. L. Smith, the occasion being in honor of Mrs. J. W. Dixon, who will soon move to Tulsa, Oklahoma. The guests enjoyed a self-served lunch, partners being selected by matching halves of Washington birthday cards. For entertainment the men present entertained while old pictures of those present were shown by stereopticon. Mrs. Dixon was presented with a beautiful Indian blanket.

Best grade 15c canned corn, 2 cans for 25c, at Nagley's.

According to the Arcanum Times the large tobacco crop in that section is now being marketed. Irvin Baker sold his 12 acre crop to S. E. Minnich for \$4,420.20. This outturns corn, oats or wheat considering acreage nearly five to one.

The hottest day this summer is not going to make the average citizen indifferent towards having his coal bin filled when ever he has the opportunity.

Frank Johnson, aged 21 years, five months and 15 days, colored, son of Joseph and Julia Johnson, died Saturday after a short illness of tuberculosis. The funeral was held from the home of the parents, Tuesday, burial taking place at Clifton. The wife of the deceased died Dec. 9, of the same disease. Two little children are left without parents.

Mrs. Robert Finney has been ill at her home the past week.

The Red Cross society met last Thursday afternoon, at the school building as they could not hold their weekly meeting on Friday on account of the community day exercises being held there.

Miss Kate Bradfute was the guest of Dr. W. C. Marshall and family, Sunday.

Elton Tindall spent the week-end with his father, who died a few days ago with a stroke of paralysis.

Arthur Chapman has been very ill at his home near here for the last two weeks with heart trouble. It is said that his condition is serious.

Robert Finney and wife spent Sunday with Mr. and Mrs. John Finney, near Clinton.

C. E. Justice, of Columbus, spent Monday in Selma, on business.

**Community Day.**  
Many from Jamestown, Gladstone, Pittsburg and nearby vicinity attended the community day exercises, held here at the school building last Friday.

Although the weather was rather cold, the attendance was large and over \$42 was taken in.

The program was supposed to begin at 9:45 o'clock, but the speaker did not arrive until nearly 10, on account of a late train.

Harvey Kinsey, known as the "Thrifty Stamp Man," of Springfield, was unable to be present and sent Mr. Price in his place.

Mr. Price gave a splendid talk on the "Bible Stamp Habit," which gave the people a different view of the question. The next number was a "v." entitled, "Shakespeare Up-to-date," presented by the Sophomore girls.

The characters were all dressed in Shakespeare costumes, but the play itself was a comedy, full of humorous situations and kept the audience in a constant uproar. Pauline and Louise Schickelant played the leads.

Rev. Warring, of South Charleston then delivered a fine speech, "Heaven on earth," which was a splendid talk telling how "heaven helps" a town.

At noon the domestic science classes and the teachers served the dinner, which had been prepared by the students. The dinner was "well served" and consisted of nearly everything good to eat, imaginable.

The afternoon program opened at 1 o'clock with the two act drama, "Somewhere in France," which was a roaring success and brought a hearty applause from all present.

Raymond Edmiston and Mildred Negus played the leads and were assisted by a splendid cast. The play was very nicely presented and was full of heart interest from start to finish.

Some parts of the play were very humorous while others were so touching as to bring many in the audience were moved to tears.

There was plenty of action and the characters held the audience in suspense until the last moment, where the climax came, near the middle of the second act.

In the intermission between the first and second acts, Miss Odette Shause, a Freshman, sang "That Red Cross Girl of Mine" and made quite a hit.

The afternoon program was closed by a fine speech by Prof. Mayseles, of Dayton, on "Patriotism." His words seemed to paint pictures in the very minds of the people, causing them to recognize the great war in a vastly different way.

Prof. Mayseles is the superintendent of the Montgomery county schools.

The money taken in will be used to purchase new books for the school library.

**High School Notes.**  
Wilbur Neff, freshman, has moved to Alpha, a little town near Xenia.

Wilbur was well liked by all the high school students and they are sorry to see him leave.

The Freshmen have their class colors, purple and gold, which look more like a rainbow than class colors.

The "wireless fiends" who complied with the federal law, last spring by taking down their aeriels and packing away their instruments, are still intensely interested in the subject and have been tinkering all winter with the laboratory wireless outfit and thinking up new schemes to increase their receiving and sending range.

There are eagerly waiting the time when Uncle Sam will permit them to hang their aeriels aloft and try out a few of their new ideas.

The high school is planning on publishing a school paper, "The Planet," in the near future. The editor has not yet decided whether some company will do the printing or that the

students will purchase a press and publish it at the building.

During the cold weather the school was only closed eleven days on account of coal shortage and snow-bound roads. A while back, it was said that school would be held on every other Saturday, but Prof. Hayes stated a few days ago that the school would not be required to make up the time, but would have to double up on the course of studies.

It takes a pretty optimistic person to look into a mud puddle and see blue sky these days, but Prof. Hayes says that is no sign we should sit down, fold our hands and say "blessed be nothing," and then put on a long enough face to eat oats out of a churn.

Miss McMullen found it hard to make some in the Freshman science class believe that there are more than five senses, but since they have learned it to be a fact, they are anxious to see the equilibrium tests tried on some one other than themselves.

Mr. Hayes planted his potatoes on "Good Friday" last year but is not likely he will get it done this year.
